

PPP Notes - November 9, 2012

- Bring your process journal. Always go to your supervisors with all of your work. (Don't forget your notes or process journal)
- Bring pictures, bring video, etc. to show proof of creating your product
- Your supervisor is helping you to show PROCESS. If you don't show your supervisor your work, they won't be able to see any PROCESS.
- If you miss a meeting with your supervisor, it is up to you to ask your supervisor for a rescheduling. It is your job to chase your supervisor, not the other way around. Drop by. Email them.
